APPLICANT'S REQUEST:

The following information is applicable to all of the specified incentive programs. By requesting funding under the Virginia Agricultural Best Management Practices (BMP) Cost-Share Program (VACS or cost share program), Virginia Conservation Reserve Enhancement Program (CREP), and/or the Virginia Agricultural BMP Tax Credit Program, I agree to install and maintain all practices receiving financial incentives according to state specifications. For any BMP I have installed with financial incentives made available from the specified programs, should the practice be removed, not properly maintained, and/or not functioning as installed, I shall be required to refund all or some portion of the financial incentives I have received. I also agree to allow appropriate agency personnel or their designee access to land under my control for the purpose of evaluation, design, construction and inspection of said practice(s) for the required lifespan. The voluntary participation in one or more of the state agricultural incentive programs does not relieve or relinquish me and my farm operation from compliance with ordinances, laws and regulations that may exist at any level of government. I understand that applying to participate in any of the above listed program(s) does not guarantee that any or all of my request will be funded.

REQUIREMENTS APPLICABLE TO SPECIFIC INCENTIVE PROGRAMS:

VACS Program (if applicable to this request). The VACS has a \$50,000 per applicant per program year (July 1 thru June 30) cost-share limit. An exception for WP-4 (Animal Waste System), WP-4B (Loafing Lot Management System) and/or SL-6 (Stream Exclusion with Grazing Land Management) either as a single large practice or as an aggregation of smaller practices may be approved to receive up to \$70,000 in cost share funds in any given program year. For any single or aggregation of WP-4, WP-4B and/or SL-6 practices that receive greater than \$50,000 in cost share funds but less than \$70,000, the unused cap amount may not be used to fund any other additional practices. Individual Soil and Water Conservation Districts may set payment limitations (caps) less than the above stated program caps with the exception of the SL-6, RMP-1 and RMP-2 Practices. Cost-share funds are considered income. Recipients of these funds are responsible for compliance with all applicable tax requirements including requirements of the Internal Revenue Service.

Soil and Water Conservation Districts (SWCDs) share information concerning VACS/VNRCF funding limits and cost share funding that approved participants have received from other SWCDs to ensure the program applicant cap is not exceeded.

Yes **No** Have you received or will you receive cost share funding from another SWCD during the current program year? If yes, which one(s)?

I certify that I will not accept VACS/ program funds that exceed established limits whether funds I receive are issued by a single SWCD or multiple SWCDs during a single program year. Furthermore, I understand the limits of the tax credit I am eligible to receive.

VA Agricultural Tax Credit Program (if applicable to this request). The VA Agricultural Tax Credit Program (§§ 58.1-339.3 and 58.1-439.5) allows agricultural producers a tax credit equal to 25% of the first \$70,000 expended for all eligible agricultural best management practices completed in any single tax year. The amount of such credit shall not exceed \$17,500. If the amount of the certified tax credit exceeds the taxpayer's liability for the tax year in which the BMP was completed as certified by the SWCD Board, the excess may be refunded by the Tax Commissioner.
